

# VALVE COVER RACE CARS

The rules for the construction of the valve cover racer are as follows:

1. No engine, propulsion or moving weights.
2. The racer can be made from an American or Foreign valve cover.
3. The valve cover must retain 80% of the original gasket-sealing surface.
4. The racer can have a chassis, but the chassis cannot be inter-changed with any other valve cover body after it is registered for that days race.
5. Nothing may extend beyond the gasket surface on the front of the racer.
6. The racer must be clean (no sludge).
7. The racer must have a permanent number affixed to the surface.
8. The racer dimensions are as follows:
  - Maximum Length – 30 inches
  - Maximum Width – 15 inches
  - Maximum Height – 10 inches
  - Maximum Weight – 10 pounds

## Valve Cover and Hood Ornament Classes

1. Class A – Unlimited class racer: unlimited type of wheel you run.
2. Class B – Roller skates, roller blades or skate board wheels.
3. Class C – 13 and under, it also includes Special needs children and Adults, roller skates, roller blades or skate board wheels.
4. Class H – Hood Ornament racers with roller skates wheels, roller blades wheels or skate board wheels.
