There was a nice article in the Casper Journal July 13<sup>th</sup> an interview with Bruce Berst about the events of the North Central Zone Meet of the Wyoming Chapter of the Studebaker Drivers Club. Bruce drives a 1958 Packard Hawk, one of only 588 of the Studebaker/Packards ever made. "From the side it appears to be a Studebaker but from the front and the back and the interior it's definitely a Packard"

It sounds from all reports the show went really well Thanks Bruce for all your and Tammy's hard work.
