

I think this quote is perfect!

"When we do the best that we can, we never know what miracle is wrought in our life, or in the life of another."

-Helen Keller
Former Perkins Student

Thank you doesn't express my gratitude!

Blessings to you all -

Dear Oil Capitol Auto Club - 11/20/2020

When Julia said she had spoken to you about needs of the people who are incarcerated at Natrona County Detention Center I was so touched by her compassion. When she told me your organization was choosing to support my efforts to help our fellow citizens I was blown away.

I have purchased books (self help) and journals for years. I trust my efforts and the seeds I try to plant will someday grow and help. I plan to buy more self help books with these funds. I will send a list of what I was able to get. People tell me the books are the most important.

Thank you so much!
