Considerations for Cruise Planning:

- Possible cruise routes/destinations
 - o Neighborhood cruises
 - o Senior care facilities
 - Aligned with COVID rules for the facility
 - Coordinate with the senior facility staff well in advance to assure maximum participation by the residents
 - o 'Field Trip' visits to local destinations (e.g. museum, municipal facility, tourist attraction, etc.)
- Leader prepare directions and/or maps for the participants
 - o Hand them out in the parking lot prior to departure
 - o **Leader drive approximately 5 to 10 mph below speed limit**
 - Permit catch up by anyone captured/delayed by a stop light
- OK to 'horse trade' dates/destinations among members
 - o Just let Dennis Day know results of trades
- The above schedule will be posted to the website
